Brainstorming

Group Exercise:

- Insure that we have trained physicians now and in the future and in the necessary locations.
- Make the HIV/AIDS system of care seamless upon diagnosis, between providers, easier to use for patients and thoroughly understood by all.
- Improve our ability to handle the complex co-morbidities that often accompany HIV.
- Make locations that provide HIV care “neutral” to the public and those infected with HIV/AIDS.

Final Steps

Staff will be creating a draft work plan for the Prevention Committee that will be a key part of the Strategic Initiative for HIV/AIDS Care and Prevention.
