

The Strategic Planning Process

Development of the ***Strategic Initiative for HIV/AIDS Care and Prevention*** involved a series of community and stakeholder meetings involving hundreds of people throughout the greater Sacramento region.

Each of the five committees will have met three times during the six month planning period of the ***Strategic Initiative for HIV/AIDS Care and Prevention***.

1st Committee Meeting Goals

- Introduction to the ***Strategic Initiative for HIV/AIDS Care and Prevention*** Planning Process.
- Discussion on where we are today in the greater Sacramento region when addressing each of the committee purposes.
- Discussion on a broader scale of where the committee would like the region to be in a perfect world.
- Participants identified who should be at the table for the future meetings.

2nd Committee Meeting Goals

- Development of the specific strategies for implementing the ideas developed in the 1st meeting.

3rd Committee Meeting Goals

- Development of the 5 year collaborative work plan with measureable outcomes from these strategies.

After 3rd Committee Meeting

- Staff will develop a draft of the ***Strategic Initiative for HIV/AIDS Care and Prevention*** Plan Document and present the document to the Steering Committee for review and further input.
